Ms. Karen Jentis, Chief
Bureau of Case Management
New Jersey Department of
Environmental Protection
P.O. Box CN-028
Trenton, New Jersey 08625

Dear Ms. Jentis:

Enclosed for your review and comment is a copy of the updated Phase 1 IRP study for Fort Monmouth, New Jersey. The facility has requested comments on the report in early April. Accordingly, I would greatly appreciate receiving any comments you may have on the report by April 6, 1987. At that time, I plan to arrange for a meeting with Fort Monmouth personnel, and NJDEP personnel to discuss our comments on the report and the need for additional work (i.e., Phase 2 study) at the Fort.

In addition to the Phase I report, I have also enclosed for your information a copy of the documentation submitted by Fort Monmouth concerning the decommissioned neutron generator facility that the Fort operated at Sandy Hook, New Jersey.

If you have any questions concerning this material, please contact me at (212) 264-1840.

Sincerely yours,

Robert W. Hargrove
Federal Facilities Coordinator
Environmental Impacts Branch
